Notes

- :
1. SLAC's in-kind contribution.
  2. M&S- materials and supplies
  3. SLAC collects, as part of its standard indirect cost rate, a Laboratory Directed Research and Development (LDRD) cost as a percentage of funding received. For this project the LDRD cost is approximately ##### k\$; it has already been included in the cost total. The Department of Energy believes that LDRD efforts provide opportunities in research that are instrumental in maintaining cutting edge science capabilities that benefit all sponsors of Laboratory work. By approving and providing funds to SLAC under this agreement you acknowledge that such activities are beneficial to you organization and consistent with your agreements with sponsors.
